Recommendation Letter

To whom it may concern,

This letter is written to attest that **Ana-Louise Trinidad** has taken part in and successfully completed the **UI/UX for Gaming** course taught by me and delivered through ELVTR.

Throughout the course, Ana-Louise has demonstrated an excellent understanding of the material covered in class and has made significant contributions through home assignments and a final portfolio project. Ana-Louise excelled in using industry tools like Figma, in testing and implementing UI/UX components, as well as in creating flowcharts, moodboards, wireframes, prototypes, and UI mockups.

Feedback iteration has been an essential part of this course and an area where Ana-Louise has also demonstrated significant achievement. Taking an active part in peer discussions and completing in-class and homework, Ana-Louise successfully completed all stages and delivered a ready-to-go portfolio of UI/UX assets.

It has been a pleasure working with Ana-Louise, and her performance, commitment, and attitude have left a positive, lasting impression. I'm confident that Ana-Louise will be able to put the skills and knowledge that she has extracted from this class towards the advancement of her career, and I look forward to seeing the fruits of her labor.
